Summary

<https://CardanoGoat.io>

Experience

Software System Architect

Cardano Community

Nov 2021 - Present (6 months +)

Realtor

321 Realty

Oct 2020 - Present (1 year 7 months +)

We are all in this together. Real Estate is a ever changing market. It is described as illiquid asset. Which means not something that can be easily switched to cash value.

My goal is to make the process of investing in real estate for home buying or income production. There are right and wrong ways to go about things. If you have questions don't hesitate to ask. It's a learning experience.

If it's not something you want to learn about, that's where I come along to handle the tasks in an efficient way. Allowing you to relax and handle other priorities. I am here to delegate your real estate needs to.

Software Architect

Reactive Science LLC

Mar 2019 - Jun 2020 (1 year 4 months)

Experience building angular applications with node backends. Full stack development for web applications and online stores.

Building applications preferably in node with express. While working towards creating the app, I build tests, create containers to allow easy CI/CD workflows in merging in prs. Building knowledge constantly on my application and dev ops knowledge.

Ifly Instructor

iFLY Indoor Skydiving

Nov 2019 - Mar 2020 (5 months)

Learning and sharing the experience of bodyflight with everyone

Lost job currently due to Covid-19

Jr Software Developer

Therigy

Feb 2018 - Apr 2019 (1 year 3 months)

Software Developer

MEAN Stack Developer

Web Developer at self employed

Sep 2016 - Mar 2018 (1 year 7 months)

My main focus is Angularjs 5, Node.js, Express.js, MongoDB, HTML5, css, bootstrap, javascript, cloud functions, noSQL, mySQL, and firebase. Continuing education to build native XML angular2+ complied applications for Iphones and Google Playstore.

Independent Contractor for skydiving

Skydive Instructor

Apr 2013 - Oct 2017 (4 years 7 months)

It has been my passion for the past 6 years. Some would say flying is in my blood, but I just find it the most entertaining thing to do. But it is a sport run around the rich. So after living in a tent for 2 years, packing parachute, coaching students, instructing at an advanced level, and making new skydiver out of anyone who really wants it. Wouldn't change that for the world.

Videographer, coach, packer

Skydive Spaceland

Mar 2015 - Apr 2017 (2 years 2 months)

Busser

Revel Entertainment Group

Nov 2013 - Apr 2014 (6 months)

I decided to try the restaurant occupation because I had never been able to experience this type of job yet. I was hired to clean tables, stock everything, and keep the floors clean. I try my best to do everything required and even more to help the servers out. I have not gained the server experience I desired yet, but I know some restaurants like to hire low and bring you up to a serving position.

Lifeguard

Recreational Management Services

Jul 2013 - Sep 2013 (3 months)

Once I returned from Nevada I needed a job to make some income for school. Lifeguarding was the job to give me the most consistent pay because of 3+ years of experience.

Parachute Packer

Skydive Las Vegas

Apr 2013 - Jul 2013 (4 months)

I went on a little trip to Nevada to pursue a skydiving career. I loved the fact I was around skydiving everyday, but I disliked how it was a tandem only drop zone. It was nowhere near as fun and energetic as a fun jumper drop zone. I learned how to pack 330+ sq. ft. parachutes consistently with great

openings. There was high temperatures (100+) and grueling physical activity which made this the hardest job I ever entered.

Lab Assistant 1

AtlantiCare

Oct 2012 - Apr 2013 (7 months)

A wonderful experience in the medical field. I received extensive customer service experience along with being integrated in a hospital setting. I was truly lucky that I got the opportunity to work at Atlanticare Hospitals and gain my experience in the lab sorting blood and in drawing blood from patients.

Lifeguard

Recreational Management Services

Aug 2009 - Nov 2012 (3 years 4 months)

This was my first job that I had ever obtained. It started as only seasonal until 2011. In the year 2011 they began to give me year round lifeguarding work indoors. I learned how to clean a pool, test/balance the chemicals, and first aid/cpr training.

Education

Atlantic Cape Community College

Associate's Degree, Secondary Education and Teaching

2011 - 2015

Ocean County College

Phlebotomy Tech Certificate, Phlebotomy Technician/Phlebotomist

2012 - 2012

In preparation to get into the medical field.

Absegami High School

High School, General Studies

2007 - 2011

Licenses & Certifications

Coach Rating - United States Parachute Association

Instructor Ratings AFF-I and Tandem - U.S. Parachute Association (USPA)

Issued Dec 2015 - Expires Apr 2021

D-35039

Google Cloud Platform Fundamentals: Core Infrastructure - Coursera
